# INTERNAL EXCHANGE RULES & STRUCTURES

## 1. BLOCK STRUCTURE

### A. 50 ETH BLOCK SIZE (BUY SIDE & MARKET)

25 ETH BLOCK SIZE (SELL SIZE)

### B. 5 MINUTE MARKET BLOCK TIMER

- If market block does not fill within 5 minutes

Market block will fill any matching orders, evenly distribute ETH/ARB, then revert to lower price block.

- If market block fills within 5 minutes

Market block will close and distribute ETH/ARB, then move to higher price block.

### C. 20% of block for Exchange Wallet, 20% of block for Stop aBOT Wallet, 60-100% of block for Exchange Earned Wallet.

## 2. Cancel Orders

A. You can Cancel buy/sell orders as long as they are not in a full block or inside the "Market Block".

## 3. + (Mybot) Autosell

A. Autosell fills the first 15ETH from all new "Market Sell Blocks"

B. Autosell can also fill up to 50% of the top 10 buy orders.

C. Any block with auto sell that gets reverted is returned to the pool for later placement.

## 4. Selling

A. ARB can only be placed on the "Buy Side" after ETH has entered.

B. ARB can be sold at your membership levels.

C. Selling direct to buy side will result in 5% fee (Distributed to aBOT reinvest Bonus)

D. Selling in Market Block is 0.5% FEE

E. Selling "Limit Order" is no FEE

## 5. Buying

A. All ETH placed on buy side will only close when at least 5 ETH and "5 ETH worth of ARB" has entered.

B. All market Buy's will get 3% ARB bonus.

C. All "Limit Buys" will pay 1% FEE

D. All buys via the wallet "aBOT" drop down get 5% bonus inside abot.
